Family Support Service By SCTSP

Supporting Families since 1991

Working with families

We believe the family environment is one of the most important influences on children and young people.

When challenges start to emerge, 'Early Intervention' is key at minimising the impact this may have on family life.

We are a charity commissioned by Staffordshire County Council to deliver family support in South Staffordshire, Lichfield, Cannock and Stafford. Our practitioners all have DBS clearance and each one is qualified to a high level.

Families who take part in our programmes will have a dedicated Keyworker who will coordinate the most appropriate services needed from a range of agencies to ensure outcomes are achieved.

An Early Help Assessment will be completed with your family to identify your priorities and enable us to tailor our package of support for you.

Working closely together with your Keyworker to build a plan which focuses on the needs of your family and the positive changes you would like to achieve.

Partnerships

- SEND Family Partnership

What we aim to do?

Work with parents to support their child/ren to achieve the best possible outcomes using a practical hands on approach to include:

- Developing positive community relationships
- Positive parenting/behaviour management programmes
- Working with parents, early years and school settings to support emotional health and wellbeing
- Build positive relationships between home and school to improve attainment for your child/ren
- Addressing challenging behaviours within the family
- Ensuring health needs of the family are considered
- Think 2 — Free 15 hours childcare places (2-3 years old)
- Bookstart Corner — Develop a love of stories, books and rhymes.
- Proactive Visits — Providing information, advice and guidance for parents with new babies
