

Family Support Service

By SCTSP

Our response to the COVID-19 crisis

We are committed to supporting families through the COVID-19 outbreak. We know this situation will bring added pressure and uncertainty to families across Staffordshire, so we are adapting our services to ensure we can continue to support you and your family.

Self-isolating is an uncommon experience for many of us. Family Support by SCTSP is here to support families across the Staffordshire during the Coronavirus (COVID-19) outbreak.

Below are some ways in which our team are currently helping families across Cannock, Lichfield, South Staffordshire and Stafford:

*Book start is continuing via SKYPE sessions with Jenny

*Self-Isolation activities: We have produced a list of the best practical activities and resources for you to do with your children at home.

*We have been helping families create routines and support with children's behavior during these unprecedented times.

* Family Support workers are working with local partners to deliver food packages in the safest possible way. In one week, we have delivered parcels and fed over 100 people.

We are still accepting referrals into the family service and will do our best to ensure families receive at least two weekly regular phone calls. Please call/text Mandi 07783 301583, Alexis 07741 645561 or email Admin@sctsp.org.uk for more information.
